

# Voice Inside (feat. Diana Leah)

Dan Chase

Who am I, today  
One day you'll understand.  
How it feels, to let it all out,  
One day you'll understand.

Listen to the voice inside,  
It saying you'll be alright.

Listen to the voice inside,  
It'll tell you, you'll be alright.

(Instrumental)

Here we are, worlds apart,  
You'll always try to find the way back home, back home, back home, back home  
Here we are, worlds apart  
You know there is a way to carry on, carry on, carry on...

(Music)

Listen to, the voice inside,  
It'll tell you, you'll be alright..

.....

Listen to the voice inside.
