I Want to Love You Tonight

Ratt

Trading places is that all you do
You leave no traces in the way you choose
You're always sayin' to me, "Baby be true"It's now or never
I'm torn foreverI want to love you tonight
(Wanna love you)
Gonna make everything alright
(Yeah, yeah, yeah)I want to love you tonight, yeah, yeah, yeah
I want to love you
Tell me your trouble, right
I want to love youYou're makin' faces is that all that you do
You put every thrill you could steal
You're wakin' up when I am going to sleep
I'm makin' up for nothin' under my sleepI want to love you tonight
(Wanna love you)
Gonna make everything alright
(Yeah, yeah, yeah)
I want to love you tonight, yeah, yeah, yeah
I want to love you
(You)I always thought of you here by my side
Never to leave on me don't stand on foolish pride
Love 'em and leave 'em fast
That's the way you pull me tightIt's now or never
I'm torn foreverI want to love you tonight
(Wanna love you)
Gonna make everything alright
(Yeah, yeah, yeah)
I want to love you tonight, yeah, yeah, yeah
I want to love you, oh
I wanna love you
I wanna love you
