Quiet Riot Grrrl

Further

Things have been bad for a long time
but they'll be gettin' better soon
Cause soon you'll be out of my head
and I won't careQuiet riot grrrl
don't wanna see your face round here no more
Quiet riot grrrl
don't you get it?Take your hands off me
Cause I don't belong to you anymore
and I never did, I never really didThings have been hard for so long now
cause I kind of felt sorry for you
But you had me faked out
and I might as well lie to you, ohQuiet riot grrrl
don't you worry cause I'll be coming home soon
Quiet riot grrrl
come on feel numbTake your hands off me
cause I don't belong to you anymore
And I never did, I never really did
Never really were a riot grrrl, anyhow
I'll get without you
I wanted you too
