

# Amy

## We Shot the Moon

Amy, would you be there for me?  
If I told you all my secrets  
Would you care or be scared?  
And Amy would you believe in me?  
All the complications that I bring?  
The complication of you and me? Break the spell cast on me that I fell through  
Smile for me, it's your smile that I run to  
The hardest thing to admit, that I love you  
Sweet Amy dont let fear take me from you We'll find a way, we'll find a way Amy, please dont cry yourself to  
sleep  
Remember when I kissed you  
By the stairwell where we hid  
And Amy, please just laugh for me  
All the distance in between us  
Dont let distance now defeat us Break the spell cast on me that I fell through  
Smile for me, it's your smile that I run to  
The hardest thing to admit, that I love you  
Sweet Amy dont let fear take me from you I can hardly wait, I can hardly wait  
The futures right here  
Making no mistake, making no mistake  
I cant let go, no I can hardly wait, I can hardly wait  
Making no mistake, making no mistake Need you to break the spell  
Please will you break the spell?  
Won't you break the spell?  
God will you break the spell?
