West Side Story

Upper West

Veronica's the song that's in my head, Veronica's the name I've often said
But her friends say she's too good for me, it's kinda like a West Side Story
She's the only one for me, she's the only girl I see
I can't seem to find a damn thing wrong with her, VeronicaEvery day I see your friends talkin' about me
But I know there's something there that no one can see
It reminds me of Romeo and Juliet like we're living on a movie set
Montague and Capulet, make your daddy sweat
'Cause he wishes we had never metShe says that I just make her world go round, God knows I feel it too
I'm so in love, I'm so in love, I'm so in love with youVeronica's the song that's in my head, Veronica's the name I've often said
But her friends say she's too good for me, it's kinda like a West Side Story
She's the only one for me, she's the only girl I see
I can't seem to find a damn thing wrong with her, VeronicaYour brothers say, it's over now they're looking for me
But I know there's something there that no one can see
It reminds me of Romeo and Juliet like we're living on a movie set
I'm a shark and you're a jet, make your mommy sweat
'Cause she wishes we had never metShe says I just make her world go round, I know 'cause I feel it too
I'm so in love with youVeronica's the song that's in my head, Veronica's the name I've often said
But her friends say she's too good for me, it's kinda like a West Side Story
She's the only one for me, she's the only girl I see
I can't seem to find a damn thing wrong with her, VeronicaYeah
Check, check, check, check, uhJohnny Rocket, got her number in my pocket
We was on the run, daddy got a gun, stop it
Playin' with Veronica, she's got me now
But her brother got a biscuit and it might go powI'm shaking to breakin' and makin' and bakin'to do
Wit'cha and yo crew and ain't doin' nothing
But grabbin' a mic and I'm smackin' a mic
And I'm still on beatYou can't stop the blood rush and you can't stop love
So it's time to knuckle up and pray to the Lord aboveShe says that I just make the world go round, God knows I feel it too
I'm so in love with youVeronica's the song that's in my head, Veronica's the name I've often said
But her friends say she's too good for me, it's kinda like a West Side Story
She's the only one for me, she's the only girl I see
I can't seem to find a damn thing wrong with her, VeronicaVeronica's the song that's in my head, Veronica's the name I've often said
But her friends say she's too good for me, it's kinda like a West Side Story
She's the only one for me, she's the only girl I see
I can't seem to find a damn thing wrong with her, Veronica
