

Chinatown

Tahiti 80

Soul searching brought me nowhere
Just gave me a scare
I was daydreaming in the night
Something wasn't right
You know it's hard, babe (Make up your mind)
Come on, darling (Don't let me down)
You make me feel lost
Like I'm some kind of
Country boy in Chinatown
I smiled, I shrugged, I acted like a man
Hoping it was all right
Reality came as no surprise
Turned me upside down
You got my letter, babe (Drop me a line)
So come on, darlin' (Don't let me down)
You make me feel lost
Like I'm some kind of
Country boy in Chinatown
Don't let me down
So come on, darlin'
You know it's hard, babe (Make up your mind)
Come on, darling (Don't let me down)
You make me feel lost
Like I'm some kind of
Country boy in Chinatown
