

# What You Do to Me

## Collard Greens & Gravy

I get all choked up  
When you tell me you love me  
Then whisper my name  
I get lost in your touch  
And I find myself getting carried away  
To a far away place  
Where I lose track of time  
And cherish each minute endlessly  
Yea thats what I do when do what you do to me

[Chorus]  
Oh my heart goes crazy  
Over you baby  
When you do what you do  
No if's and's or maybe's  
I'll always be in love with you

I get sentimental  
And get tears in my eyes  
It happens so easily  
Yea thats what I do when do what you do to me

[Chorus]  
I still get a thrill  
Just like the first time  
But that ain't hard to believe  
Yea thats what I do when you do what you do to me  
  
Yea thats what I do when you do what you do to me
