

# Dynamite

## Dream Evil

I couldn't believe in what I saw  
'Though she stood in front of me  
I was afraid to let her go  
She needs a lot of loving  
I couldn't stop this thunderstorm  
Even if I wanted  
Couldn't believe in what I felt  
I wanted her so badly I tried to escape before I lost my mind and all my senses  
But it was too late, I saw her eyes  
Like dynamite  
She blew my mind and heart to pieces  
Dynamite  
Got carried away I have to admit I was a fool  
But I was just too flattered to see  
Got carried away, forgot the rules  
A mistake I have to live with  
I couldn't stop this thunderstorm  
Even if I wanted  
Couldn't believe in what I felt  
I wanted her so badly I tried to escape before I lost my mind and all my senses  
But it was too late, I saw her eyes  
Like dynamite  
She blew my mind and heart to pieces  
Dynamite  
Got carried away
