

# U.N.I.

## Ed Sheeran

[Verse 1]

I found your hairband on my bedroom floor  
The only evidence that you'd been here before  
And I don't get waves of missing you anymore  
They're more like tsunami tides in my eyes  
Never getting dry, so I get high, smoke away the days  
Never sleep with the light on  
Weeks pass in the blink of an eye  
And I'm still drunk by the end of the night  
I don't drink like everybody else  
I tip it to forget things about myself  
Stumble and fall from the head spin I got  
My mind's with you but my heart's just not [Chorus]  
So am I close to you anymore, if it's over  
And there's no chance that we'll work it out  
That's why you and I ended over U.N.I.  
And I said that's fine  
But you're the only one that knows I lied  
You and I ended over U.N.I.  
And I said that's fine  
But you're the only one that knows I lied [Bridge]  
Everybody said we'd be together forever  
But I know that I never wanna settle down, come around  
Break up the love like lego now  
Never wanna turn into another like you  
Sleep with my thoughts, dance with my views  
Everything's great but not everything's sure  
But you live in your halls and I live in a tour bus  
Now I'm in position to be another stalker  
And every thing I say seems to always sound awkward  
Like our last kiss, it was perfect  
We were nervous, on the surface  
And I'm always saying everyday that it was worth it  
Pain is only relevant if it still hurts  
I forget like an elephant, or we can use a sedative  
And go back to the day we fell in love  
Just on our first kiss [Chorus]  
So am I close to you anymore, if it's over  
And there's no chance that we'll work it out

Oh you and I ended over U.N.I.  
And I said that's fine  
But you're the only one that knows I lied  
You and I ended over U.N.I.  
And I said that's fine  
But you're the only one that knows I lied  
Wo-ooooahhhh [x2] oohh ohh[Verse 2]  
Because, if I was gonna go somewhere  
I'd be there by now  
And maybe I can let myself down, wo-oahh  
And thinking that I am unaware  
I keep my feet on the ground, keep  
Looking around, to make sure I'm not  
The only one to feel low  
Because if you want  
I'll take you in my arms and keep you sheltered  
From all that I've done wrong  
And I know you'll say  
That I'm the only one  
But I know God made another one of me  
To love you better than I ever will[Chorus]  
'Cause you and I ended over U.N.I.  
And I said that's fine  
But you're the only one who knows that I lied  
You and I ended over U.N.I.  
And I said that's fine  
But you're the only one who knows that I lied
