Fields Of Clover

The Box Tops

You're walkin' in fields of clover
I hear you finally made it to the classy side of town
It made me sad, got to feelin' bad, 'til I thought it over
And now I'm alright 'cause you're alright
Baby, baby, I know you're sleepin' warm tonightOh, you crossed the tracks in a hurry, yes you did
You didn't even stop to tell me goodbye, yea
But them pretty dresses that you're wearin', baby
Are payment enough, you're sure lookin' tough
I always told you, ah that you had the stuff, yea, yeaBaby, you're walkin' in fields of clover
You're steppin' high like a lady should
Now maybe someday you'll wave to me from across the tracks, yea
And I'll be alright knowing you're alright, baby, baby
I know you're sleepin' warm tonight, yea, yea
