

Shadow

Birdy

Woke up to the music of your heart
Saying I
I
Could have been the wishing that it lost
Saying I
I Only you ever make me scared
Cause only you can take me there So wherever you go I'm your shadow
Desert to ice flow I will follow
Wherever you go I'm your shadow
I'm your shadow There beneath your body when it wakes
Saying I
I
Hiding under every step you take
Saying I
I Only you ever make me care
Cause only you ever made me dare So wherever you go I'm your shadow
Desert to ice flow I will follow
Wherever you go I'm your shadow
I'm your shadow I know I know I know every way you move
You stay you go you change I am bound to you So wherever you go I'm your shadow
Desert to ice flow I will follow
Wherever you go I'm your shadow
I'm your shadow
