Sugar Daddy

The Bellamy Brothers

What you need is a sugar daddy
Diamond rings and a brand new caddy
Little things to help a girla make trough
What you need are satin pillows
Rivers flowin' down like willows
What you need is me to love you.

You are the kind of a woman
That likes to be on her own
It's simple
Those times you need a man on that, love
You like the finer things
All my money can buy
I like the way your body sings
I love the fire in your eyes.

Diamond rings and a brand new caddy
Little things to help a girla make trough
What you need are satin pillows
Rivers flowin' down like willows
What you need is me to love you.

We could be a secret
Our own private affair
I would give the word to you
Just so you'd know that I care
If your friends should find out
If they tried to prowl
I'll put your pedestal up so high
They wont dare to look down.

What you need
