

# Mayonnaise and Marmalade

[NRBQ](#)

You showed me everything  
Oh, you took me by the hand  
Puppy dogs and Lincoln Logs  
And castles by the sand  
You gave me the courage  
To spread my newborn wings  
Like Mayonnaise and Marmalade  
And other spreadable things  
So I guess you are my hero  
And there's something you should know  
I want to make it clear  
So I'm going to sing it slow  
If you weren't a man  
And my father, too  
I'd buy you a diamond ring  
And then I'd marry you
