All Again For You

We The Kings

I couldn't sleep last night
I walked alone on the beach
Where we always used to go
When we couldn't hook up at home
I thought of you
And the time we jumped the fence
Both sides ripped down, we dove right in
And the cops chased us again
When you were mine, you know
We had it all in front of us
You were the one, I was in love
But you always hurt the one you lost
I couldn't get enough
You were everything that's bad for me
Make no apologies
I'm crushed, black and blue
But you know I'd do it all again for you
Today, dressed up in designer drugs
Dedicated to the one I'll always love
The one who really messed me up
I let you take the wheel and the driver's seat
Strapped in, so you get the best of me
Now what's left are the memories

When you were mine, you know
We had it all in front of us
You were the one, I was in love
But you always hurt the one you lost
I couldn't get enough
You were everything that's bad for me
Make no apologies
I'm crushed, black and blue
But you know I'd do it all again for you
I am standing in the ocean rain
Rough and ready for your deadly game
I've got nowhere else to go
We had it all in front of us
You were the one, I was in love
But you always hurt the one you lost

I couldn't get enough
You were everything that's bad for me
Make no apologies
I'm crushed, black and blue
But you know I'd do it all again for you
You know I'd do it all again
I swear I'd do it all again
You know I'd do it all again
