

# Words I Might Have Ate (Live from WMMR)

## Green Day

Now it seems I can't keep my mind off of you  
My brain drifts back to better days we've been through  
Like sitting on blacktop of the school grounds  
The love I bitched about I finally found But now it's gone and I take the blame  
But there's nothing I can do but take the pain  
Why? Now I dwell on what you remind me of  
A sweet young girl who sacrificed her love  
As for me I am blind without a cause  
And now I realized what I have lost It was something real that I could have had  
Now I play the fool whose stable soul's gone mad  
Why? Tell me all the words I might have said  
It's pumping pressure deep inside my head  
Was it bad enough to be too late?  
Just tell me the words I might have ate  
The words I might have ate  
The words I might have ate But now it's gone and I take the blame  
But there's nothing I can do but take the pain  
Why? Why?  
Why?  
Why?  
...
