

Cuckoo!

Neon Horse

Your pride and joy is a pretty beast
The baddest apples fall from rotten trees
The little monster is a walkin' disease
You got only yourself to blame-
Cause I have failed!

And you're hot, hot on my trail
and you know that it's not not not my fault
but you know that you got got to pin the tail
When all else fails!
Cuckoo cuckoo

Mind the hand that over feeds
"Lord Of The Flies" ain't no mystery
Come meet his murderer so precious and sweet
Ya got only yourself to blame
Cause all else fails!

And you're hot hot on my trail.
And you know that its not not my fault
but you know that you got to got to pin the tails
When all else fails!
Cuckoo cuckoo

Mama hide the children
Someone get the baby
Mama turn all the lights off
Somebody pull the shades

Ooooh, and you're hot hot on my trail
And you know that its not not not my fault,
But you know that you got to got to pin the tail
Cause all else fails (2x)
Cuckoo!
