

Echoes of Love

Jesse & Joy

I'm wide awake in a dream
You won't let me fall asleep
'Cause I smell your skin on my pillow I see your face in the dark
Falling like a shooting star
I wish for you out my window I still feel you lying here with me
I still hear the sound of your heartbeat Nothing left to say now, every word is worn out
You and I are almost gone, fading like a broken song
And if I really listen, I hear you in the distance
Baby, all we got left of us are echoes of love, love Picture perfect memories
On my walls, hunting me
I see your smile, and I break down Feel you far away, so close
I'm holding on, but you let go
You let go Nothing left to say now, every word is worn out
You and I are almost gone, fading like a broken song
And if I really listen, I hear you in the distance
Baby, all we got left of us are echoes of love
Echoes of love They go on, and on, and on, and on, and on Nothing left to say now, every word is worn out
You and I are almost gone, fading like a broken song
And if I really listen, I hear you in the distance
Baby, all we got left of us are echoes of love Echoes of love
