

You Can Find Me

Jess Glynne

Thinking 'bout those nursery rhyming days
When it was all just fun and games
 Never had a care in the world
When did it all begin to change
 Go back to the merry-go-round
 Laughing and acting like clowns

Stay in this moment till we see the sun go downI treasure your heart of gold
 I'll be your shadow when you feel alone
 Cause nothing changes when I'm on the road

To find your happy gotta lose controlIf the time between us gets a little uneven
 Don't you worry cause you will find me here
 Never broke a promise never been dishonest
 Don't you worry cause you will find me here

Woah woahYou can find me, find me (you can find me yeah)
 Y-you can find me, find me (you can find me yeah)
 Y-you can find me, find me (you can find me yeah)

Y-you can fine me, find meFeeling like i've been misunderstood
 Like I heard 'she's going to hollywood'
 Couldn't be more wrong if you tried

Think you should take a harder lookIt's not hard
 If you try
 Try to see

Through my eyesI treasure your heart of gold
 I'll be your shadow when you feel alone
 Cause nothing changes when I'm on the road

To find your happy gotta lose controlIf the time between us gets a little uneven
 Don't you worry cause you will find me here
 Never broke a promise never been dishonest
 Don't you worry cause you will find me here

Ohh woahYou can find me, find me (you can find me yeah)
 Y-you can find me, find me (you can find me yeah)
 Y-you can find me, find me (you can find me yeah)

 Y-you can fine me, find me
