Love Train

S Club 7

Love train, waiting for the love train
Love train, waiting for the love trainBeen working so hard for so long
I think it's time I should be moving then on
I'm gonna do the right thing
I'm gonna do the right thing
You know that it's the best thing
I've got myself a one way ticket and I'm comin' homeRiding on a love train
Making my way back to you baby
Riding on a love train
Cruising my way back to my baby's arms
Riding on a love train
Making my way back to you baby
Riding on a love train
Cruising my way back where my baby's arms
Are waiting for meDon't stop, keep moving, I don't want to get off, no no no
Did I reach my baby in the tunnel of love?
I'm gonna do the right thing
I know that it's the right thing
Ooh, you make my heart sing
I've got myself a one way ticket and I'm coming homeRiding on a love train
Making my way back to you baby
Riding on a love train
Cruising my way back to my baby's arms
Riding on a love train
Making my way back to you baby
Riding on a love train
Cruising my way back where my baby's arms
Are waiting for meLove train, waiting for the love train
Love train, waiting for the love train
Love train, waiting for the love train
Love train, waiting for the love trainLove train
Making my way back to you baby
Riding on a love train
Cruising my way back to my baby's arms
Riding on a love train
Making my way back to you baby
Riding on a love train
Cruising my way back to my baby's armsRiding on a love train
Making my way back to you baby

Riding on a love train
Cruising my way back to my baby's arms
Love train
