

You Won't Ever Be Lonely

[Andy Griggs](#)

Life may not always go your way
And every once in a while you might have a bad day
But I promise you now you won't ever be lonely
The sky turns dark and everything goes wrong
Run to me and I'll leave the light on
And I promise you now you won't ever be lonely
For as long as I live there will always be a place you belong
Here beside me, heart and soul baby you only
And I promise you now you won't ever be lonely
It's still gonna snow and it's still gonna rain
The wind's gonna blow on a cold winter day
And I promise you now you won't ever be lonely
You're safe from the world wrapped in my arms
And I'll never let go baby, here's where it starts
And I promise you now you won't ever be lonely
Here's a shoulder you can cry on
And a love you can rely on
For as long as I live there will always be a place you belong
Here beside me, heart and soul baby you only
And I promise you now you won't ever be lonely
No, no, no, no, no, no, no you won't ever be lonely
