

The One

Alice Smith

My darling you give me something that I need
An I promise you know Ill never leave
And you tell me Oh girl youre the one
Tell me anything just to get what you wantIm not the one
Dont play me son
Dont you play dont you play
Said Im not the one
Dont play me son
Dont you play dont you playOh baby thats what you call me
When you say I love you, you are my everything
Oh, aren't you sweet you? You sound so good to me
But I've been the fool before I cant do that anymoreSo when you tell me Oh girl youre the one
I could really but Id rather wontIm not the one
Dont play me son
Dont you play dont you play
Said Im not the one
Dont play me son
Dont you play dont you playOh for real you cant be serious
I've got to go I think I've had enough
I need you to tell me something newIm not the one
Dont play me son
Dont you play dont you play
Said Im not the one
Dont play me son
Dont you play dont you play
