

# French Song

[Kate Walsh](#)

I'll sit here and watch you  
I'll just sit back and watch you  
Don't wait for love, won't wait for you  
Just speak so softly I'll break down Won't you be the one?  
Won't you be the one?  
Won't you be the one  
That I'm waiting for? So I, I just sit back and wait for you  
I, I just sit back and wait for you  
Don't be no fool when your heart beats  
Won't you open my arms? Won't you wake me? Won't you be the one?  
Won't you be the one?  
Won't you be the one  
That I'm waiting for? Ooh
