

Close

Marvin Sapp

I must be close to my destiny
Extremely close to my victory
'Cause here comes
Trials and troubles, jealousy and envy
I must be close to what You have for me
I must be close to my overflow
Extremely close to my miracle
'Cause here comes
Confusion, problems and enemies
I just believe
That I must be close to what You have for me
To whom much is given, so much is required
The qualified must go through the fire
But I won't smell that smoke
I'll be better than before
His guidance is in my life
Just to let me know I must be close (to my destiny)
(Extremely close) I'm extremely close
(To my victory) Yes, I am
('Cause here comes trials) and (troubles) and (jealousy and envy)
(I must be close) I must be close
(To what You have for me)
I must be close (to my overflow)
(Extremely close) Extremely close
(To my miracle)
'Cause here comes
(Confusion) and (problems) and (and enemies)
(I just believe) I just believe
(That I am close to what) You have for me
I'll be walking, I'll hold the steps
That You have planned for me
Living by faith, a bright future I see
I won't be swayed by the obstacles that I face
For my victory is secured, if I stay in grace
That's why (I just believe)
I know that I know
(That I must be close to what You have for me) Got to be, got to be
So there it goes, yeah yeah yeah
I just believe I'm a

(I must be close to what You have for me) So I'll go through it, I'll go through it, I'll go through it

I just believe

I must be close to it

So close to it, oh, so close to it

Why don't you help me sing? Sing with me (I'll go through it)

(I'll go through it) oh

(I'll go through it) 'Cause I know that

('Cause I know that I must be close to it)

So close (close to it)

Oh, so close (close to it)

Yeah

(As long as You are with me, I'll get through it)

I'm gonna get through it (I'll go through it)

It might be hard (I'll go through it)

But You made me a promise

('Cause I know that I must be close to it)

And the promise is that that I'm real closer (close to it)

Oh, so close (close to it)

Extremely close

(As long as You are with me, I'll go through it)

I'm gonna push through the obstacles (I'll push through it)

The trouble and the trial (I'll push through it)

Through every struggle

('Cause I know that I must be close to it)

You are close (close), oh, closer than you think (closer)

Closer that you believe (close)

Keep on fighting (close), push through the obstacles (close)

Against every opinion (close), against every pain (close)

Oh, so close

I just believe, I must be close to what God has for me I've been waiting, anticipating (I believe)

(That I am close to what You have for me)

Closer than close, I said closer than close

(I believe that I am close to what You have for me)

Is there anybody out there that can lift up their hands and declare that I

(I believe) I

(That I am close to what You have for me)

I've been waiting, oh, so long, I've been waiting so long

(I believe)

That I am close (to what You have for me)

Oh, so close

I (I believe)

That I am close to what You have for me
