Why are you bothering me?! From now on!!
Don't shut me in... it's boring!!!
Don't fool around, Hey baby Leave me alone
Let me outta here
Someone! please open my door
Why do you confuse me?!
Overlapping and disappearing like a melty sugar cream
The vague memories fly like an angel's jump
The way to "Lollipop candy land"
Tomorrow will disappear
Before you drink everything up
Please listen to my only wish
The crystal "Lollipop candy land"
Come closerprince, let's dance
I love everyone
Angels and devils too
Get out of here! stay at Home
you know, It's time to go to bed, OK?
Good girls! Hey Bad girls!
get together here! right now oh yeah!
The way to "Lollipop candy land"
Even if you close the door
I will go and meet you someday again
so I can see you in a scary dream
The crystal "Lollipop candy land"
Even if dawn breaks
I will nail everything down on the cross I wear on my chest
so I won't forget it
Get out of here! stay at Home
you know, It's time to go to bed, OK?
Good girls! Hey Bad girls!
get together here! right now oh yeah!
My chocolate door closed again
What's the pain in my chest?!
you know why?
I'm going to die... What's my life...?
so don't confuse me anymore
I'm caught again. Sometimes
I don't know about my self
My heart is closed up & there are tears on my pillow

I've lost, yeah, the self I believed in,
But It's not the end of the world
someday my dream will come true
