

No Culture

Mother Mother

yeah alright
yeah alright I am a vulture, I fly-y-y
I make a circle, above your culture,
I got no culture of mine
I am pirhana, I bi-i-ite
I make a supper, out of your culture,
I got no culture and I'm like a kid in a candy store,
taking all the taffy that I don't ask for
yeah I'm like a bull in a china shop,
knocking off a knock-off
cause I got no culture,
I got no culture of mine So can we let sleeping dogs lie,
cause everyone believes me when I say it's mine
a little wool over the eyes,
cause everyone believes me when I want to love ya, I want to make you mine
We make a child, out of your culture,
It got not culture and I'm like a kid in a candy store,
taking all the taffy that I don't ask for
yeah I'm like a bull in a china shop,
knocking off a knock-off
cause I got no culture,
I got no culture of mine So can we let sleeping dogs lie,
cause everyone believes me when I say it's mine
a little wool over the eyes,
cause everyone believes me when I say it's fine
Can we let sleeping dogs lie,
cause everyone believes me when I no culture, I got no culture
no culture, I got no culture
no culture, I got no culture
no culture, I got no culture I'm like a kid in a candy store,
taking all the taffy that I don't ask for
yeah I'm like a bull in a china shop,
knocking off a knock-off
cause I got no culture,
I got no culture
I got no culture of mine So can we let sleeping dogs lie,
cause everyone believes me when I say it's mine
a little wool over the eyes,
cause everyone believes me when I say it's fine

So can we let sleeping dogs lie,
cause everyone believes me when I say it's mine
a little wool over the eyes,
cause everyone believes me when I no culture, I got no culture
no culture, I got no culture
no culture, I got no culture
no culture, I got no culture
no culture, I got no culture
no culture, I got no culture
