

# Memory Lane

## H2O

Am I wasting all my time chasing innocence to find  
A time in my life when I should have known better?  
Have I wasted all these years  
Hiding back the tears behind a smiling face  
Am I a liar? Because I want to do what's right  
But I need to understand  
Do I burn the bridge and call it a life lesson  
As these thoughts come floating in?  
Will the memories race to a higher price to pay? Gonna take a trip down memory lane  
For the millionth time today  
I'm still waiting  
Gonna take a trip down memory lane  
And I don't have much to say As I fumble through my lines  
Tripping wires in my mind  
There's a script that failed the breach and I'm ready  
From another place in time  
Where the memories race to a higher price to pay Gonna take a trip down memory lane  
For the millionth time today  
I'm still waiting  
Gonna take a trip down memory lane  
And I don't have much to say Looking forward for tomorrow  
Staring down on yesterday  
Can't you see I'm driving blindly?  
Can't you see that I'm?  
Can't you see I'm driving blindly? Am I wasting all my time  
Chasing innocence to find  
A time in my life when I should have known better  
Have I wasted all these years  
Hiding back the tears behind a smiling face? Gonna take a trip down memory lane  
For the billionth time today  
I'm still waiting  
Gonna take a trip down memory lane  
And I don't have much say  
I'm still waiting Gonna take a trip down memory lane  
Looking for another place to play  
I'm still waiting  
Gonna take a trip down memory lane  
And I don't have much to say
