You Spoke to Me

Smoking Popes

I was at the lowest point of my life
I couldn't talk to anyone
Truly aloneThere's no telling what
I might have done
If it hadn't been for you
You pulled me throughI don't know if you actually saved my life
But you changed it that's for sure, yeah
You spoke to me, yeah
You spoke to me, yeahI drove all the way
From Carpenters ville
To see you here tonight
And it was worth itYou didn't play my favorite song
But that's all right
I love the new stuff too
I'm just glad I got to see youI don't know if you actually saved my life
But you changed it that's for sure, yeah
You spoke to me, yeah
You spoke to me, yeahI don't know if you actually saved my life
But you changed it that's for sure, yeah
You spoke to me, yeah
You spoke to me, yeah
