

The Faded Line

Lamb Of God

Witness shame's parade, the pain of blame repaid
It's fucking hopeless accusations and denial Hopeless, demon of another day
Colorless, stoned, solid gray
Emptiness, of promises I made
So faithless, the tenants long betrayed Walk the faded line, cursed crawl of time
Silence, the only promise ever kept Familiar touch, a ritual to numb the cut, salvation in vice
Anguish is realizing what could have been, but never was
It's emptiness that fills the cup devotion in the method of my fall Pointless, futility continuing
Endless, flowing corrupted vein Walk the faded, cursed crawl of time
Walk the faded, cursed crawl of time
Silence, the only promise ever kept It's fucking hopeless
Hopeless, hopeless, hopeless
It's fucking hopeless
Hopeless
