You know God, I just been, you know what I'm sayin'?  
Doin' my regular thing man  
So I'ma get back up with you though baby  
Know what I'm sayin'? You know you my nigga kid I'ma always come through for you baby  
Yo man, you gotta understand, this shit is real though man  
All the time, word, yo man, that's you man  
Yo peace Rae, peace God  
(We've got the powers to resurrect the dead) Whassup baby? God damn, look at you man  
Damn God, I got a shit out you man  
Man, I done watched you man  
Since you was a little crumb snatcher  
A little weed-hopper running around here man Look at you baby, you look good  
(We've got the powers to resurrect the dead)  
Understand, I watched you go through a lot of trials and tribulations  
But you know something, like I used to always tell you baby  
A good listener's a good learner  
(G O D's my reality) I see you listened very well, understand?  
(I'm elevating strong and I'm gonna go on to the highest degree)  
Your time is coming baby  
See sometime, it could be like, a rear view  
You know what I'm sayin'?  
And people don't know when their blessing comes But I watch you grow, man you is a very intelligent man  
Man, I watched you when I used to sit down and you would  
Trick me out my money shootin' dice, niggaz is you crazy?  
Ha ha ha ha ha ha  
(G O D's my reality) Crazy you crazy man  
Yo Rae, you remember that shit man?  
When we used to be down there in the hills and shit man?  
(I'm elevating strong I'm gonna go on to the highest degree)  
And you'd catch it, from Old Man Freed He'd be yelling, "You little slick ass"  
Ha ha ha ha  
Talk to me baby, know what I'm sayin'?  
Ha ha ha ha  
I've been through all them things, man I'm watchin' you growin' But remember one thing Rae like I used to tell  
you  
The child you was is making you the man you is today  
And if you don't know where you came from baby  
You damn sure know that you don't know where you going  
Can you see what I'm saying? Know which way you traveling

(We've got the powers to resurrect the dead) You understand? And follow that destiny, follow the light  
And it'll set you free  
(Oh, G O D's my reality)  
'Cause I've watched you baby, you my main man, yeah  
(We're elevating strong and we're going on to the highest degree) Now that could be the Wu-Tang production  
Start to knuckle up and, gun shots start to click the block's duckin'  
Could it be, and would it be, that we was babies  
Catchin', rabies, niggaz seem to act crazy Day one, in my spot July the tenth  
I had a mint, stickin' up Devine's hittin' them with nines  
I was toxie, from layin up in Roxie's all night  
This nigga bust a shot, lick my man's wife It was havoc I contact the Abbot  
He shook the shoulder though  
Then he passed the phat chrome automatic  
We goin' to war, you know we headed to the floor  
He woulda, did it, for me fuck it, let's mosie Schemin' dough, with the P.L.O., wrapped on tight  
Sayin' in my mic, "Yo we gotta go"  
My first impression was to add some lessons  
Question, one, what made you even  
Show your gun and blow the session? He replied and rocked the green eye  
And yo, he started, yellin', "Them niggaz sellin' two for fives"  
But he's a goner and I got my corner  
What, I'm feedin' my babies, Cash Rules for mortal daughters Yeah, Rae baby  
Feedin' my babies, Cash Rules for mortal daughters  
Only God is the son of man  
(We've got the powers to resurrect the dead) I'll say it one time, and be certain that fake God does not exist  
(Oh, G O D's my reality)  
(I'm elevating strong we're gonna go on to the highest degree)  
This is why the universe, has itself balanced the scale Of divine knowledge, and it was measured by the portion  
Of solid knowledge, no man, can judge for another  
But each man must weigh all facts and circumstances  
And find truth in his own judgment of righteousness See, the way to evil, balance equality in no man  
For no man is good and bad at the same time  
Either you good, or you bad
