

# Brake

WZRD

[Kid Cudi]

No light to guide my way  
I'm goin' blind down the hill  
Nothing that no one can say  
I'm gonna find my will to live  
No light to guide my way  
I'm goin' blind down the hill  
There's nothing that no one can say  
I'm gonna find my will to live  
No, I won't brake  
No light to guide my way  
I'm goin' blind down the hill  
There's nothing that no one can say  
I'm gonna find my will to live
