The Day You Said Goodnight

Hale

Take me as you are
Push me off the road
the sadness,
I need this time to be with you
I'm freezing in the sun
I'm burning in the rain
The silence
I'm screaming,
Calling out your nameBridge:
And i do reside in your light
that put up the fire with me and find
Yeah you'll lose the side of your circles
That's what i'll do if we say goodbyeChorus:
To be is all i gotta be
And all that i see
And all that i need this time
To me the life you gave me
The day you said goodnight.The calmness in your face
That I see through the night
The warm of your light is pressing on to us
You didn't ask me why
I never would have known
oblivion is falling downBridge:
And i do reside in your light
Put out the fire with me and find
Yeah you'll lose the side of your circles
That's what i'll do if we say goodbyeChorus:
To be is all i gotta be
And all that i see
And all that i need this time
To me the life you gave me
The day you said goodnight.If you could only know me like your prayers at night
Then everything between you and me will be alright.Chorus:
To be is all i gotta be
And all that i see
And all that i need this time
To me the life you gave me
The day you said goodnight.she's already taken,
she's already taken

she's already taken me
she's already taken,
she's already taken meThe day you said goodnight.
