

Ain't That A Kindness

Bob Dylan and The Band

It had rained for 3 days straight
But the sun was beginning to shine
Two riders were approachin
But they were no friends of mine. Called out for Hanna
And I kept here close to my side
Whistled for old Thunder
And my horse he was ready to ride CHORUS:
I give you everything I had babe
Aint that kindness
I give you the good with the bad babe
Aint that kindness
Dont cha know I give you my love when say babe
Aint that kindness
Hmmm ya know a man aint nothing without his gun
Ya know a man aint nothing without his gun 2nd Verse:
Took to the road 6 night and days
Only then did we think it was safe
Heard the sound of 2 men approachin
But they did not hesitate Hanna she was cryin
But she wouldnt let go of my leg
Thunder he was tired
Been a thinkin of a better day Repeat Chorus: 3rd Verse:
Two shots fired and two figures fell
There was blood flowin over the ground
Two men dead in the noon day sun
And they never ever made a sound Hanna she never forgave me
And I think I know the reason why
When I called out for Thunder
The horse he up and died. Repeat Chorus:
