

# Complicated

## Bon Jovi

Take a look around, this is what I see  
Is there anybody else that feels like me, yeah  
You sweat, you sweat, you bleed, you bleed  
What you get ain't what you see  
Up is down and black looks white to me I'm complicated, I get frustrated  
Right or wrong, love or hate it  
I'm complicated, you can't sedate it  
I heard that song but I won't play it It's alright, it's okay  
You wouldn't want me any other way  
Momma, keep on praying 'cause I ain't changin'  
I'm complicated, yeah, complicated, yeah I'm smart enough to know what I don't know  
And fool enough to stay when I should go  
You work, you work, you cry, you cry  
You watch your whole life pass you by  
Sometimes you've got to close your eyes to see I'm complicated, I get frustrated  
Right or wrong, love or hate it  
I'm complicated, you can't sedate it  
I heard that song but I won't play it And it's alright, it's okay  
You wouldn't want me any other way  
Momma, keep on praying 'cause I ain't changin'  
I'm complicated, yeah, complicated, yeah Is there anybody out there?  
Just like everybody out there  
Just want somebody out there  
Just like me Complicated, get frustrated  
Right or wrong, love or hate it  
I'm complicated, you can't sedate it  
I heard that song but I won't play it Is there anybody out there?  
(Complicated)  
Just like everybody out there  
(Complicated)  
Just want somebody out there  
Just like me (Complicated)  
Is there anybody out there?  
(Complicated)  
Just like everybody out there  
Just want somebody out there  
Just like me Complicated
