

# Aura

## Iamsu!

The money turned my Shaqs into Bapesters  
I take the money give it back to where I came from  
I'm looking at the game sideways  
Frank Sinatra on this shit, I did it my way  
So far ahead of my time  
I'm about to start another life  
Look behind you, I'm about to pass you twice  
Not the Blueprint, it's the Su-print  
I bought the game and got change, keep your two cents  
Hit Miami, came back with a tan  
I took an insta in a steam room  
That's a sonogram  
I'm so high, I don't want to land  
You want to battle bring a P and a hundred grand  
Nino Brown how I pose in my section  
Get rid of you rappers like colds when you catch them  
Coppers run me down I have no recollections  
The flow, is a weapon  
Six-speed just went to seven  
I'm raw like no protection  
You listen, get your infectionsImpressive upon impression  
No cheques, then get the message  
Unless it's intercepted, so I send it again  
Got the game locked in my brain like the prison's within  
But I don't got no time for jail time  
Im beyond that  
The only pen I see is when I sign a contract  
My name's Sudan  
TN say we claiming bomb threats  
They trying to send me down under like a wombat  
Funny how these rappers getting awkward with me  
If weird stares were chairs we would all get a seat  
Put it on the big screen so we all get to see  
How I'mma blow like 50 in 2003  
Because I'm the best  
Wild wild west I'm on my big willie  
Tell Warner I'mma need a milli for the pub dealie  
Bet the money make her do a backflip  
Every cinema stash like a top-flip

And ain't no half-way players, I'm the man all the time  
Ain't no half-way famous, get my money on time  
    Ever HBK gang everything good  
    Like a guilty verdict I got nothing left to prove  
        I've been doing me  
        I really hope you doing you  
    I been working working setting up for album number two  
        And I was here, all praise to the most high  
        I did this without a deal or a co-sign  
        Last week top floor suite at the Palazzo  
    Had them walking around ass-naked like Frida Kahlo  
        You know the deal with me and models  
Young Su can name more women than Pete Pablo I'm where I want to be yea yea yea  
    Because they fuck with me yea yea yea  
        So we don't got to talk anymore  
        So we don't got to talk anymore  
            No no no no no no  
            No no no no no no  
        So we don't got to talk anymore  
        So we don't got to talk anymore  
            No no no no no no  
            No no no no no no  
            No no no no no no  
            No no no no no no
