

# Could Be Wrong

## Fickle Friends

Paint our days  
It's my way of getting by  
Write all over the years I've softAnd I just cant get it  
Oh I don't have a key  
So you won't make a copy for me  
Wherever you've been  
You're not telling me  
So won't you make it up to me?Wouldn't wait  
I'm afraid  
All you want it your own way  
hey hey  
I could be wrong  
Hey, hey  
I could be wrong  
Lay in late  
Lie with me  
I know what I'd rather be  
Hey, hey  
I could be wrongSave your weekends  
We never made plans  
Did I show you just who I am?And I just cant get it  
Oh I don't have a key  
So you won't make a copy for me  
Wherever you've been  
You're not telling me  
So won't you make it up to me?Wide awake  
I'm afraid  
All you want it your own way  
hey hey  
I could be wrong  
Hey, hey  
I could be wrong  
Lay in late  
Lie with me  
I know what I'd rather be  
Hey, hey  
I could be wrongI'm afraid  
All you want it your own way  
hey hey

I could be wrong  
hey hey  
I could be wrong  
Lay in late  
Lie with me  
I know what I'd rather be  
hey hey  
I could be wrong Save your weekends  
We never made plans  
Did I show you just who I am?

I could be wrong
