

# Hymn 1

## Teen Suicide

God sent an angel of mercy to me  
to forgive me for being so mean  
He told me 'do not fear the darkness my son  
for the sun will rise again'  
He took this ailing body from me  
for He knew it was causing me pain  
He won't give me a new one cause i had my chance  
but He forgives me, He forgives me
