

Elizabeth Taylor

Clare Maguire

[1st Verse]

I feel like Elizabeth Taylor
This could be a movie
I feel like Elizabeth Taylor
Red lips, dark hair Alone in my trailer
Under my white shirt
Heart like stone
Wearing fake designer and pearls [Pre-Chorus]
I've loved, I've lost
And loved again
But here I am

On my own [2nd Verse]

I feel like Elizabeth Taylor
"Do I make you nervous?"
I feel like Elizabeth Taylor
And not just on the surface [Chorus]
I've loved, I've lost and loved again
But here I am, here I stand I've loved, I've lost and loved again
But here I am Another lesson learned
Another lesson learned [3rd Verse]

I feel like Elizabeth Taylor
At the after party
In a room full of strangers
Just me and my Bacardi Thinking of an old movie
And the roles that we'd play
Sometimes I look back
And I wish that you'd stayed [Pre-Chorus]
I've loved, I've lost and loved again
But here I am on my own [Chorus]
I've loved, I've lost and loved again
But here I am, here I stand I've loved, I've lost and loved again
But here I am Another lesson learned [Bridge]

Ooooh, ooh, ooh

Red lips, dark hair Ooooh, ooh, oh

"Do I make you nervous?" It's another lesson learned

Another lesson learned

Another lesson learned [Chorus]

I've loved, I've lost and loved again
But here I am, here I stand I've loved, I've lost and loved again

But here I am[Outro]
Another lesson learned
No one could tame meAnother lesson learned
No one could tame meAnother lesson learned
Another lesson learned
