

# Alibi

## Eddie Razaz

It might break my heart  
Might tear me apart  
But I was addicted  
Right from the start  
No turning back  
I just gotta go  
It's not a matter of  
Yes or no  
All I see  
Baby, you're all I know  
Can't let it be  
I can't let it  
Go, go.

We can't stop now  
Baby we've gone  
too far  
Look at us  
This is who we are.

Whether it's  
Wrong or right  
Just give me  
One more night  
Need no reason why  
Need no alibi  
Alibi  
Do or die  
You've set my world  
on fire  
Need no reason why  
Need no alibi  
Alibi  
Oh ? oh ? oh ? oh ?oh  
Need no alibi  
Alibi  
Oh ? oh ? oh ? oh ?oh  
Need no alibi.

I'm in too deep  
I'm out of control  
There is no way  
I'm letting you go  
Without a doubt  
This is the way  
There is no chance  
I'm not gonna stay  
We can't stop now  
Baby we've gone  
    too far  
    Look at us  
This is who we are.

    Whether it's  
    Wrong or right  
    Just give me  
    One more night  
    Need no reason why  
    Need no alibi  
        Alibi  
        Do or die  
    You've set my world  
        on fire  
    Need no reason why  
    Need no alibi  
        Alibi  
    Oh ? oh ? oh ? oh ?oh  
        Need no alibi  
        Alibi  
    Oh ? oh ? oh ? oh ?oh  
        Need no alibi.

    Alibi

    Whether it's  
    Wrong or right  
    Just give me  
    One more night  
    Need no  
        Alibi?i?i  
        Do or die  
    You've set my  
        world on fire  
    Need no reason why

Need no alibi  
Alibi  
Oh ? oh ? oh ? oh ?oh  
Need no alibi  
Alibi  
Oh ? oh ? oh ? oh ?oh  
Need no alibi  
Alibi  
Do or die  
You?ve set my  
World on fire  
Need no reason why  
Need no alibi  
Alibi
