Stranger

SafetySuit

This song goes out to all the girls
Who had a boy who never
let 'em in their world
You tried hard to make what your friendship was romance but still he ...
Never saw you as the one to hold his hand
He always chose the one you wish he wouldn't have
And now you're there cleaning up the mess she left, hopelessly thinkin'...If I say it like I wanted would you ever believe me
Say it like I wanted would you ever just need me
Say that I'm the only one and I'll never leave you but
I can be the only one that you wanted
Would you say
Would you say to me
Would you say
Would you say to me
Would you
This is a song about a love, I can't help to think what you're thinking of
I hope that you aren't thinking of us, like something you could never love
The last day the last way you looked at me
The last word the last thought you ever speak
I hope that you don't ever leave me, hopelessly thinkin'If I say it like I wanted would you ever believe me
Say it like I wanted would you ever just need me
Say that I'm the only one and I'll never leave you but
I can be the only one that you wanted
Would you say
Would you say to me
Would you say
Would you say to me
Would youWould you say it
Would you say it to
me / Would you say it
Would you say it
I can be the only one that you wanted
Sing it loud
Oh, Oh, Oh I can't be the only one that you aren't thinking of
Say it like I want it, would you ever believe me
Say it like I want it, would you ever just need me
Say that I'm the only one and I'll never leave you but
I can be the only one that you wanted

Sing it loudWould you say it
Would you say it to me
Would you say it
Would you say it to me
Would you say it
Would you say it to me
Would you say it
Would you
This is a song about a love
Can't help to think what you're thinkin' of
I hope that you don't ever leave
Hopelessly thinkin'
