

Battles (The Black Dog Remix)

[Emika](#)

War, war, warBattles.
Battles.
Each one I win,
still loosing the war.Hunger,
I love hunger.
All this emptiness,
says I want more.
Battles.
I have battles.
Each one I win,
says I want more.Slave,
slave,
I'm no slave for you!In my dark way,
Through the shadows,
I discover,
my hope is born.In my dark way,
Through the shadows,
I discover,
my hope is born.
Battles.
I have battles.
Each one I win,
says I want more.End
