Alright, one more time we are ready to go
We are ready to go
Yeah!
So relax, feeling free
You can fly to the sky
So come on get up!Set your mind free
Set your mind free
Until you see what I seeAlright, are you ready?
Cause we are ready
To shake the nation with another creation
So here we goStart to dance and we put you in the trance
Get up!
Feel the bass drum, rock the beat
Come on, get downSet your mind free
Set your mind free
Until you see what I seeSet your mind free
Until you see what I seeAnd if you see what I see
Just let me hear you people scream!
