Anesthetize (feat. Alex Lifeson)

Porcupine Tree

A good impression of myself
Not much to conceal
I'm saying nothing
But I'm saying nothing revealedI simply am not here
No way I should appear happy
Stop whining pleaseBecause of who we are
We react in mock surprise
The curse off, there must be more
So don't breathe here
Don't leave your bagsI simply am not here
No way I should appear happy
Stop whining pleaseThe dust in my soul
Makes me feel awake in my legs
My head in the clouds
And I'm zoning outI'm watching TV
But I find it hard to stay conscious
I'm totally bored
But I can't switch offOnly apathy from the pills in me
Its all in me, all in you
Electricity from the pills in me
Its all in me, all in you
Only eMpTV, cod philosophyWe're lost in the mall
Shuffling through the stores like zombies
What is the point
What can money buyMy hand's on a gun
And I find the range, God, tempt me
What did you say
Think I'm passing outOnly apathy from the pills in me
Its all in me, all in you
Electricity from the pills in me
Its all in me, all in you
Only eMpTV, cod philosophyAll the apathy from the pills in me
Its all in me, all in you
Electricity from the pills in me
Its all in me, all in youWater so warm that day (water so warm that day)
I counted out the waves (I counted out the waves)
As they broke intoThe water so warm that day
I was counting out the waves
And I followed their short life

As they broke on the shoreline
I could see you
But I couldn't hear youYou were holding your hat in the breeze
Turning away from me in this moment
You were stolen as black across the sunWater so warm that day (water so warm that day)
I counted out the waves (I counted out the waves)
As they broke into shore (as they broke into shore)
