

Tangy Zizzle

Kyuss

"Yeah, yeah, put it in gear, baby
Hell, yeah, that's what I like about you, baby
You're always on time"Wherever you go, is where I go
Whatever you say, keep it running
When the wind blows, when the sky breaks
Hold your eyes in and believe itWhere you want me to be?
Where you want me to be?
Where you want me to be?
Where you want me to be?In the morning when it's raining
I couldn't believe it, no complaining
Fuck the others, fuck the teacher
They'll never know this, is he crazy?
