

# Turn It On

## Granger Smith

I got a runaway train running through my veins (comes over)  
Got another one in my bed and you don't know her  
I can't explain the scratches on my back (all over)  
Everything she does for me  
Brings me back to you  
All the temptations that I can't refuse  
Let my confessions take you for a ride  
Push it to the edge  
The voices in your head can't stop this ride  
And when the thrill is gone  
I can turn it on for you  
I'm looking for something to please her mind (come over)  
Got another surprise for you and you can't hold her  
Still know you don't have to be (she's over)  
Everything you ever wanted you can help yourself

All the temptations that I can't refuse  
Let my confessions take you for a ride  
Push it to the edge  
The voices in your head can't stop this ride  
And when the thrill is gone  
I can turn it on  
All the temptations that I can't refuse  
Let my confessions take you for a ride  
Push it to the edge  
The voices in your head can't stop this ride  
And when the thrill is gone  
I can turn it on for you  
Can't stop this ride  
And when the thrill is gone  
I can turn it on for you
