

Secret Hideaway

Deine Lakaien

secret hideaway - hello we welcome you
secret hideaway - yes we know what to do
secret hideaway - i throw my arms around you
secret hideaway - yes we do welcome you there they lay tonight
a night so quiet
no more abandoned
as they had been
see them lying tonight
oh so quiet
enjoy and listen
a tender silence

secret hideaway - hello we welcome you
secret hideaway - yes we know what to do
secret hideaway - i throw my arms around you
secret hideaway - yes we do welcome you in search of something
something to dream
no oblivion no
no disappointment
quiet me and
a grateful you
believe in me it is

it's really true secret hideaway - don't want to leave us now
secret hideaway - we are about to tell
secret hideaway - we share your visions too
secret hideaway - that is what we will do
secret hideaway - hello we welcome you
secret hideaway - yes we know what to do
secret hideaway - i throw my arms around you
secret hideaway - yes we do welcome you
