

Danger Is Real

Sister Hazel

Life's a breath that we still

Beautiful battlefield

(woo oo woo wo)

Love is fire in a storm

That can burned that can won

(woo oo woo wo)

If your heart has a dream don't bury it

'Cause the best things in life are the scariests

Girls and boys

Danger is real but fear is a choice

Danger is real but fear is a choice

Oh I hope you feel the truth in my voice

Danger is real but fear is a choice

Time is now not tomorrow

We can heal but its borrow

(woo oo woo wo)

Dreams are ghosts that can haunt you

If you chase them oh you don't you know

(woo oo woo wo)

(don't you know)

If your heart has a dream don't bury it

'Cause the best things in life are the scariests

Girls and boys

Danger is real but fear is a choice

Danger is real but fear is a choice

Oh I hope you feel the truth in my voice

Danger is real

Don't choose to be afraid make a fool of yourself

Don't choose to be afraid have to change you my fail

Don't choose to be afraid there are lessons in our tears

Don't choose to be afraid of anything but fear

If your heart has a dream don't bury it

'Cause the best things in life are the scariests

Girls and boys

Danger is real but fear is a choice

Danger is real but fear is a choice

Oh I hope you feel the truth in my voice

Danger is real but fear is a choice

(woo oo woo wo)

Fear is a choice
(woo oo woo wo)
