

# Until I Die

## Prosthetic Arms

Yeah, this one's for you pretty mama

This one's for you girl that's right

[Chorus] Until I die, until I'm gone, until I can't see light no more.

[Gemini] I'll be your queen, your everything, 'cause you've been so good to me

Until I die, until I'm gone, until my last words have been told

C'mon

[Gemini] Until I die, until I pass, 'cause our love was meant to last

Yeah yeah check it

I remember when I met you couldn't get you off my mind even when I close my eyes

All I could think was you gotta be mine

There's no replacement for your smiling pretty eyes

The way you never cursed at me, even when I made you cry

We've come a long way, since that very first day

Skipping class to be together in the hallway

You made me feel like I've got reason to live

My pride, possession, my medallion, my best friend

Through the drama, pain, funerals and family fights

Not for one second, did you ever leave my side

That's why I love you girl, Te quiero de verdad

And if I lose you girl, asta la muerte voy a llorar

[Chorus] Until I die, until I'm gone, until I can't see light no more

[Gemini] I'll be your queen, your everything, 'cause you've been so good to me

Until I die, until I'm gone, until my last words have been told

[Gemini] Until I die, until I pass, 'cause our love was meant to last

Before my eyes close and my soul goes home

These were words that I never told you

You were everything to me, my last hope, my last dream

And on my last breath, I will tell you this

You are my sunrise and my sunset, my best friend

Who I would share my last dollar with, you were the last of my faith

In these last days and please let it be you to kiss away these

Last tears too, fall from my face until my last hour, I'm yours

My last hug my last kiss the last smile on my lips

But my last regret was this that I never even got a chance to

Tell you this tell you this

[Chorus] Until I die, until I'm gone, until I can't see light no more

[Gemini] I'll be your queen, your every thing, 'cause you've been so good to me

Until I die, until I'm gone, until my last words have been told

[Gemini] Until I die, until I pass, 'cause our love was meant to last  
In the blink of an eye, I'm a meet my demise  
And live only as a memory deep in the mind  
But until that day comes when I breathe no more  
Just know who I lived life for  
I used to walk in the darkness with no real purpose in life  
Never blinded just never really cared about life  
I used to say once you're born you're just waiting to die  
And every day in between is just a waste of some time  
But in time I was convinced that I was far from the truth  
Believe it or not I found truth the night I met you  
So just know that if there's life after death I'm a wait for you there  
To love you forever for real  
[Chorus] Until I die, until I'm gone, until I can't see light no more  
[Gemini] I'll be your queen, your everything, 'cause you've been so good to me  
Until I die, until I'm gone, until my last words have been told  
[Gemini] Until I die, until I pass, 'cause our love was meant to last
