Breathe

Tessa Thompson

Breath, the hand that holds the heart that holds me down
Breath, the feeling that we had is no where now
Breath, and hope that some day it comes back around
Breath, I need to be received by something
Breath, now I almost lost my mind
And now I almost lost my mind
Breath, and now I almost lost my mind
And now I almost lost my mind
And now I almost lost my mind
And now I almost lost my mind
And now I almost lost my mind
And now I almost lost my mind
Breath
Instrumental

Breath, the hand that holds the heart that holds me down
Breath the feeling that we had is no where now
And now I almost lost my mind x4
