Lithium

The Bad Plus

Lithium, don't wanna lock me up inside
Lithium, don't wanna forget how it feels without
Lithium, I wanna stay in love with my sorrow
Oh, but God I wanna let it goCome to bed, don't make me sleep alone
Couldn't hide the emptiness, you let it show
Never wanted it to be so cold
Just didn't drink enough to say you love meI can't hold on to me
Wonder what's wrong with me?Lithium, don't wanna lock me up inside
Lithium, don't wanna forget how it feels without
Lithium, I wanna stay in love with my sorrowDon't wanna let it lay me down this time
Drown my will to fly
Here in the darkness I know myself
Can't break free until I let it go, let me goDarling, I forgive you after all
Anything is better than to be alone
And in the end I guess I had to fall
Always find my place among the ashesI can't hold on to me
Wonder what's wrong with me?Lithium, don't wanna lock me up inside
Lithium, don't wanna forget how it feels without
Lithium, stay in love with mmm
I'm gonna let it go
