Why you try ta play me like a hoe?  
Shit, I might as well just go head on and bust his head  
'Cuz them people gone give me the charge anyway  
If he come up dead  
Now tell'em 'bout that beemer I got  
Tell'em bout that new home I got

Now you runnin' with yo melon cuz' you know you gotta split  
Niggas ridin' Impala's with them Rattler stripes  
Passin' hollin at hoes with the fuck finger sayin' fuck'em black

And duckin' these niggas tryin' ta use they Smith n' Wesson's

Believe that The new ice, yellow diamonds and I'm loving that  
Blue diamonds big tymin' and I'm with that  
I done made more money independent than a major nigga went gold  
I put that on my soul and my gold  
And my twenty inch rims on my Range Rover with TV's  
And I'm lovin' these hoes I flip mo' keys Than a acrobat ten nigga' you can believe that  
Me and my brother go rock for rock  
Walk block for block  
And if we got beef with a nigga' we'll go glock for glock  
No mo sellin' keys on the D A L  
I wanna holla at V A L  
Lets say rest in peace to L and T nigga I live my life on full  
Unzip my pants and I pull

Holy roley diamond bezel, twenty inch whezel  
Ninety-eight cromed out gangsta grizeal

Mommas, baby mommas, family members and all that shit  
If the bitch need guidance them I'm her pimp Whoa check this out ya dig
